"Empowering minds. Enriching lives. Building a legacy of excellence"

PRINCIPAL'S *Message*

“

At St. George's School, we believe education goes beyond academics—it shapes character, values, and a lifelong love for learning.

Our mission is to provide a nurturing environment where every child is encouraged to explore, innovate, and realise their full potential.

Through modern teaching practices and holistic development, we focus on the intellectual, physical, emotional, social, and spiritual growth of our students.

We strive to empower every Georgian to become confident, compassionate, and responsible individuals with creative and critical thinking skills.

Guided by our motto, *“Spread the Light,”* we inspire our students to become exemplary citizens who contribute meaningfully to society.

DATE
9th April 2026

DURING
School Hours

CLASSES
Pre-School
to VIII

HIGHLIGHTS

Featured Ellie — a life-size animatronic elephant
(6 ft high, 4.5 ft wide, 7.5 ft long)

Voiceover by
actress Dia Mirza

Supported by PETA
(People for the Ethical
Treatment of Animals)

ORGANISED BY
St. George's School
in association with
Go Sharpener

To inspire compassion and responsibility towards animals and the environment, a special workshop on “Ellie – The AI Elephant” was organised for students from Pre-School to Class VIII.

Ellie, a life-size animatronic elephant, captivates hearts with her lifelike movements and emotional storytelling. With the voiceover by actress Dia Mirza and the support of PETA (People for the Ethical Treatment of Animals), the workshop delivered a powerful message on empathy, kindness, and the importance of protecting wildlife and their natural habitats.

Through this engaging and interactive session, students learned how animals suffer when taken away from their natural environment for circuses and rides, and how each one of us can contribute to a more compassionate world.

OBJECTIVE

Create awareness about animal welfare
& environmental responsibility

Sensitize young minds towards kindness,
compassion & respect for animals

Help students understand the pain
animals face when removed from natural
habitats for circuses & rides

Be Kind. Be Compassionate. Be the Voice for Animals.

Once a Georgian, Always a Georgian

“ My journey at St. George’s School has been filled with learning, growth, and memorable experiences. The school provided a supportive environment where I was encouraged to excel both academically and beyond the classroom.

The guidance and encouragement of Dr. Sara George Ma’am and my teachers played a significant role in shaping my confidence and helping me achieve my goals. Along with academics, the school gave me numerous opportunities to pursue my passion for dance. With the support of my mentors, I had the honour of representing the school as a State-Level Dancer, an achievement that taught me dedication, discipline, and perseverance.

Academically, the strong foundation provided by the school helped me secure a good percentage in my board examinations. The values and work ethic instilled in me during my school years continue to guide me today.

Currently, I am pursuing a Bachelor of Commerce (Honours) along with ACCA, furthering my interest in finance and accounting. I have also been placed at a Chartered Accountancy firm, where I am gaining valuable practical experience and professional exposure.

As a proud alumni of St. George’s School, I remain grateful for the opportunities, guidance, and lifelong lessons I received here. The school has played an important role in shaping my journey and preparing me for the future.

The Journey Within

Every sunrise paints the sky,
Whispering dreams that soar so high.
With every page we read and write,
Our minds awaken to new light.

Challenges come like winding roads,
Teaching strength through every load.
Step by step, we proudly grow,
Learning more than books can show.

Kindness is the brightest flame,
Respect and courage earn true fame.
Together we build, together we stand,
Creating tomorrow, hand in hand.

For every dream begins today,
With hope to guide us on our way.
Let curiosity be our guide,
And confidence our constant stride.

Nature's Gentle Promise

The morning breeze begins to sing,
As birds rejoice and flowers spring.
The rivers dance, the mountains gleam,
Nature paints a living dream.

Every leaf has tales to share,
Of hope, of life, of gentle care.
The tallest tree, the smallest seed,
Teach us all what hearts truly need.

Protect the forests, skies, and seas,
The whispering winds, the ancient trees.
For Earth is home to every soul,
And keeping it safe is our common goal.

Let every child plant hope anew,
With caring hearts and purpose true.
Together we'll help our planet shine,
A greener world—yours and mine.

ESSAY

The Power of Perseverance

Perseverance is the quiet force that turns ordinary efforts into extraordinary achievements. It is the courage to keep moving forward when the destination seems distant and the path appears uncertain. In a world where success is often seen as an overnight phenomenon, perseverance reminds us that lasting achievements are built step by step, through patience, determination, and unwavering belief in oneself.

Life is full of challenges. There are moments when we fail, feel discouraged, or question our abilities. It is during these times that perseverance becomes our greatest companion. It teaches us that failure is not the end, but a lesson; not a setback, but a setup for something greater. Every great inventor, artist, leader, or scientist has faced countless obstacles. What sets them apart is not talent alone, but their refusal to give up.

Perseverance builds character. It strengthens our willpower, sharpens our focus, and helps us grow wiser. When we persist, we discover our true potential. We learn to adapt, to improve, and to rise stronger each time we fall. Even the smallest steps, taken consistently, can lead to remarkable transformations over time.

In our daily lives, perseverance can help us in many ways—whether it is studying for an exam, learning a new skill, or working towards a personal goal. It teaches us discipline and reminds us that effort today shapes our future tomorrow.

Let us remember, success is not about how fast we reach the finish line, but about how steadily we keep going. With perseverance in our hearts and hope in our minds, there is no dream too big and no challenge too great for us to overcome.

International Day of Yoga 2026

Every year, the International Yoga Day is celebrated on **21st June**. Yoga helps keep our body healthy and our mind calm. It disciplines and teaches us the importance of a balanced and healthy life style.

I enjoy doing simple yoga like breathing exercises. Yoga makes me feel fresh, active, and relaxed. It also improves concentration and helps me stay fit.

On the International Yoga Day, our school encouraged us to learn more about yoga and its benefits. I think everyone should do yoga every day, even for a few minutes. It is a simple way to stay fit, active, and healthy.

Yoga is a gift that helps people of all ages live healthy and happy. We should make yoga a part of our daily routine and encourage our family and friends to practice it too.

The Power of Small Steps

By – Manvi Khandelwal, XII C

Success is often imagined as a single extraordinary achievement, but in reality it is built through countless small and consistent efforts. Every great invention, remarkable discovery, and inspiring accomplishment began with a simple first step. It is the habit of learning something new each day, improving little by little, and refusing to give up that eventually leads to excellence.

Students frequently face challenges in balancing academics, extracurricular activities, and personal responsibilities. During such times, patience becomes our greatest strength. Mistakes should never discourage us; instead, they should motivate us to learn, adapt, and become stronger. Every obstacle teaches us resilience, while every success reminds us that dedication always bears fruit.

True education extends beyond textbooks and examinations. It shapes our character, teaches us empathy, encourages teamwork, and nurtures leadership. By respecting others, embracing diversity, and helping those around us, we grow not only as students but also as responsible citizens prepared to contribute positively to society.

As we move forward, let us remember that dreams are not achieved overnight. They are realized through determination, discipline, and unwavering faith in ourselves. Every small step taken today becomes the foundation of tomorrow's success. With courage in our hearts and knowledge as our guide, we can transform aspirations into achievements and build a brighter future for ourselves and the world around us.

“Small steps taken consistently today become the giant leaps of tomorrow.”
